

Multiplier Events

Now that all the results are ready and ACADIGIA is going towards the end, all the countries involved in the project (Greece, Portugal, Romania, Italy) prepared a set of Multiplier Events with the target group of the project.

The main purpose of the event is to spark the interest of key target groups, bring them on board on the ACADIGIA proposed intervention and gather the support of leaders in Key positions allowing the multiplication in other

Target Groups of the Event:

- Representatives from other Higher Education Institutions;
- Professors from different institutions; Students;
- Policy makers;
- Governmental entities and decision-makers;
- Umbrella organisations;
- Representatives from labour unions;
- Representatives from Associations of professors, students and entities involved in higher education policies;
- Training centres.

Events:

Greece

26th of May, 26 participants

Italy

7th of June, 2023, 20 persons involved.

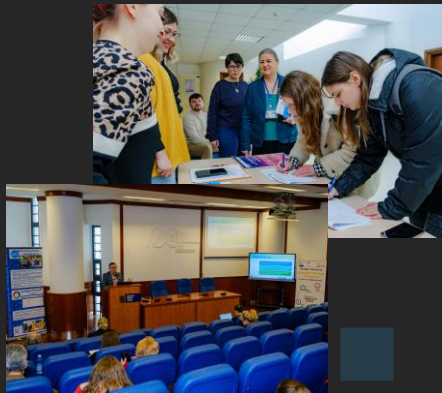

Spain

28th of March, 27 participants.

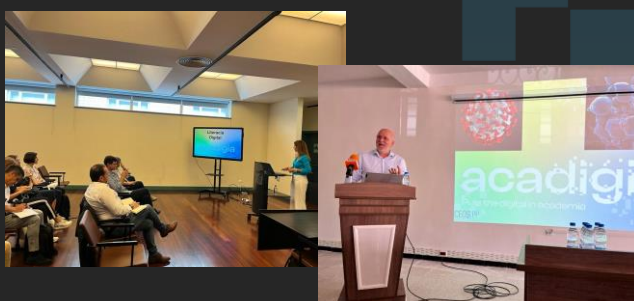

Romania

3rd of May, 48 participants

Portugal

14th of June, 25 people.

Each country prepared an event and promoted differently. Nevertheless, all the events aimed to open the project to **external stakeholders** and **promote the multiplication and sustainability of the reproducible ACADIGIA acceleration** by reaching a wide international audience that are interested and can benefit from the tools and content prepared during the last 2 years of project.

Check all the results on the website, translated in all the languages:

- Tutorials
- Compendium of Augmented Blended Teaching
- Handbook
